SUMMARY

Enthusiastic and dedicated Information Technology graduate with practical experience in PC configuration, IoT devices, and system maintenance. Familiar in both front-end and back-end web development, with a working knowledge of modern tools and frameworks. Comfortable tackling both hardware and software tasks, and quick to learn new technologies. Adaptable, reliable, and eager to take on real-world challenges that further develop and refine technical skills in a professional setting.

WORK EXPERIENCE

Department of Information and Communications Technology (Region IV-A)   **Feb 2025 - May 2025**
Backend Developer Intern

- Focused on backend development using the Laravel framework.
- Participated in code reviews and collaborated with fellow intern developers, gaining exposure to real-world development practices and team collaboration.
- Helped implement user access controls to ensure secure and appropriate system usage.
- Supported form input checking to help reduce errors and maintain data accuracy.
- Strengthened problem-solving, communication, and adaptability in a professional work environment.

EDUCATION

Bachelor of Science in Information Technology   **Aug 2021 - Aug 2025**
Batangas State University - TNEU

- Built a foundational understanding of programming, databases, networks, and system administration.
- Studied key technologies such as web development, object-oriented programming, and data structures.
- Completed coursework in cybersecurity, information systems, Web Systems and Technologies, Application Development, and Human-Computer Interaction.
- Collaborated with peers on team-based projects to simulate real-world IT solutions.
- Applied critical thinking and problem-solving in both technical and collaborative settings.
